<p>4:05 p.m.</p> <p>General Liability Breakout Session (45 min)</p>	<p>Legends of the Fall - Premises Liability</p> <p>S-E-A critically analyzes premises and other fall cases from an accident reconstruction and biomechanical standpoint to understand the event(s) that transpired. By taking effective depositions of the Plaintiff and witnesses, critical information can be gathered to facilitate such an investigation. The mechanics of the fall and subsequent injury patterns provide valuable insight into the initiating event(s) (e.g. trip, slip, or stumble) to the fall which may directly affect potential liability. The speakers will present key areas of questioning to elicit the data warranted in the subsequent analysis. He will then present case examples demonstrating various analysis and presentation tools such as photogrammetry, perspective matching, motion capture, and others to support the scientific study and ultimate supportive demonstratives to teach the jury.</p> <p>Speakers: Brian M. Boggess, P.E., and Brandon Wiggins, P.E., S-E-A Limited</p>
<p>5:00 p.m.</p>	<p>Tentative: Social Networking / Happy Hour</p>

<p align="center">THURSDAY, OCTOBER 1, 2020</p>	
<p>9:00 a.m.</p> <p>Paralegals Breakout Session (45 min)</p>	<p>All About Service</p> <p>This discussion will cover the many aspects of service – service of civil summons & complaints, what deems as proper service (especially if defense can raise service issues near or after SOL), misconceptions of proper service of summons and complaints, serving federal and state subpoenas, service of expert disclosures, and more.</p> <p><i>Speakers:</i> Bobbie Kullman, Nelson Mullins Riley & Scarborough</p>
<p>10:35 a.m.</p> <p>Product Liability Group Breakout Session (60 min)</p>	<p>Product Liability - Investigations, Tools, Analyses, and Case Studies</p> <p>This presentation will teach attorneys, insurance producers and claims adjusters what the professional product liability investigation process entails, including specific standards that are applied in assessing the cause of an event. Product liability investigations are very complicated and complex endeavors that require specific protocols and scientific analyses. The presentation will delve into the analyses and tools for gathering evidence during an investigation, knowing when those analyses are to be performed, and learning the objective of each analysis. Case studies are presented to provide real-world examples of the application of this knowledge in several product liability cases.</p> <p><i>Speaker:</i> Amy E. Gray, Ph.D., P.E., Senior Managing Consultant, ESI</p>
<p>1:00 p.m.</p> <p>Government Group Breakout Session (60 min)</p>	<p>“We Didn’t Start the Fire...”</p> <p>A guided open discussion on the civil unrest and mass demonstrations we’ve seen across the country which has thrust cities and towns into the national spotlight, including a warning about potential equal protection claims. Join fellow government practitioners, both private and public, for this timely discussion on events impacting local governments today.</p> <p><i>Speaker/Discussion leader:</i> Daniel E. Peterson, Parker Poe Adams & Bernstein</p>
<p>3:45 p.m.</p>	<p>Board of Directors Meeting Informal Networking</p>
